

SUFFERED FIFTY-FIVE YEARS

Cured Permanently by the American Catarrh Remedy, Pe-ru-na.

MR. AND MRS. J. O. ATKINSON, INDEPENDENCE, MO.

Mr. John O. Atkinson, Independence, Mo., in a recent letter to Dr. Hartman, says: "My wife had been suffering from a complication of diseases for 25 years. "Her case had baffled the skill of some of the most noted physicians. One of her worst troubles was chronic constipation of several years' standing. She also suffered with general debility and prostrations—sometimes as often as six or eight times a day. At this time she was passing through that most critical period in the life of woman—change of life.

"In June, 1905, I wrote to you about her case. You advised a course of Pe-ru-na and Man-a-lin, which we at once commenced, and have to say it has completely cured her. She firmly believes that she would have been dead only for these wonderful remedies.

"About the same time I wrote you about my own case of catarrh, which was of 25 years' standing, and at times I was almost past going. I commenced using Pe-ru-na according to your instructions, and continued its use for about a year, and it has completely cured me.

"I have to say that your remedies do all you claim for them, and even more. Catarrh cannot exist where Pe-ru-na is taken according to directions. Man-a-lin is a most wonderful medicine for chronic constipation."

Mr. A. F. Stern, Marine City, Mich., writes: "I was troubled with catarrh for three years, and tried almost every catarrh medicine I heard of. I went down to Delaware, O., to attend college, where I got one of your Almanacs, and saw another remedy for catarrh. I was almost discouraged with trying all kinds of medicine, but my room-mate told me that your medicine was all right, and so I tried it. After taking seven bottles according to directions, I was cured and felt like a new man. I recommend it to all who are suffering with this dreadful disease; it is the best medicine for catarrh you ever saw, and I use it."

Mrs. J. A. Bashor, Knoxville, Tenn., writes: "My health was completely broken down and had been for almost a year. I could not rest day or night, but suffered constantly untold misery. Tried remedy after remedy, but found no relief until Pe-ru-na was recommended to me by a friend. I have taken one and a half bottles and am today well and hearty. I shall always praise Pe-ru-na, for it felt it saved my life."

Mr. J. W. Draper, Gainsboro, Tenn., writes: "For many years I had been continual sufferer from that dreadful disease, chronic catarrh. I gave up hope of ever being relieved. I tried every remedy my friends recommended, but all in vain. Finally I took my bed. My friends had all given me up. Mr. J. W. Draper, to die, believing me to be in the stages of consumption. Having a bottle of Pe-ru-na in the room, I began to take it, and in a few days felt so well that I got up. I continued it, improving all the time, until I am now almost a sound man. Can do as hard a day's work as almost any man. This happened four years ago."

Mrs. Rachel A. Magaw, 67 West Jefferson street, Springfield, O., writes: "Your Pe-ru-na is worth its weight in gold. I feel like a new woman. I can praise it enough."

spents a great deal of money on doctors, but nothing ever did me any good until I sent you to you and tried your Pe-ru-na. I now feel well of the catarrh, but I shall not be without Pe-ru-na, and shall tell all I see to try it, for I know it to be a sure cure for catarrh. I can't praise it enough for what it has done for me."

Catarrh is an American disease. Fully one-half of the people are afflicted more or less with it in some form. Previous to the discovery of Pe-ru-na, catarrh was considered well-nigh incurable. Since the introduction of Pe-ru-na to the medical profession thousands of cases are cured annually.

By aid of Dr. Hartman's free books and free correspondence a multitude of hopeless people are permanently cured of this most loathsome and stubborn disease every year. Anyone afflicted with catarrh should write Dr. Hartman, Columbus, O. Ask for free books or free advice, whichever you most need.

LENWOOD.

News Notes from the Busy Marshall County Town.

There was little surprise felt here the news of the suicide at Addison, Kentucky, of Webster county, of Dr. L. E. Wyckoff, who was addicted to the use of cocaine and other narcotics. His unsuccessful attempt in the same line when he was at Benwood, less than a year ago, will be remembered. The doctor's domestic life was unhappy, his wife having separated from him, and he evidently was tired of living. His personal appearance suggested ill-health, as he was slight of frame and cadaverous, and with bright red hair.

Survivors for the Wheeling Railway Company, or possibly the proposed Upland, Wayneburg & West Virginia Railroad, were at work on "Kentucky Highways" yesterday. It would appear, though, that the street car company's moving spirit.
